

Barbara Gregg is a registered Occupational Therapist, and has a Diploma in Advance practice at the Ulster University at Jordanstown.

Barbara has worked as a practicing Occupational Therapist for 27 years specialising in conditions affecting older people. She has worked in both Acute and Community settings. She was involved in setting up leading edge service developments including Intensive Domiciliary Care Support and Community Stroke Services.

Barbara has also been instrumental in a number of major regional initiatives including the implementation of the Northern Ireland Single Assessment and establishing Reablement services across Northern Ireland while working at the Northern Ireland Social Care Board 2014-2017.

Throughout her career, Barbara has contributed to the learning and development needs of staff across a number of settings including training Allied Health students at Ulster University Jordanstown, as well as Social Care staff and Support staff in Reablement, Person Centred Care, and Good record keeping.
